The National Pupil Database (NPD)

The National Pupil Database (NPD) is managed by the DfE and contains information about pupils in schools in England. New Islington Free School is required by law to provide information about our pupils to the DfE as part of statutory data collections, such as the school census; some of this information is then stored in the NPD. The DfE may share information about our pupils from the NPD with third parties who promote the education or wellbeing of children in England by:

- Conducting research or analysis.
- Producing statistics.
- Providing information, advice or guidance.

The DfE has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
